OIC-VET Programme - Introduction

A visual presentation of the OIC-VET Programme

The Vocational Education and Training Programme for the Member Countries of the Organization of Islamic Cooperation (OIC-VET) is a programme originally designed and developed by the Statistical Economic and Social Research and Training Centre for Islamic Countries (SESRIC) in order to improve the quality of vocational education and training in the public and private sectors with the aim of supporting and enhancing the opportunities for individuals in the Member Countries to develop their knowledge and skills and thus to contribute to the development and competitiveness of the economies and to facilitate the sharing of knowledge between OIC Member Countries.

The Programme supports and supplements the activities of the OIC Member Countries, while respecting the responsibility of the Member Countries for the content and implementation of vocational training. It aims at improving the competencies and skills of the people according to the needs and priorities of labour markets through intra-OIC partnerships at institutional level. The Programme focuses on increasing accessibility and

raising the quality of VET, and provides an opportunity for organizations involved in VET to build OIC partnerships, exchange best practices, increase the expertise of their staff and develop the skills and competencies of the participants. The Programme covers the training areas included in the national training programmes in the Member Countries by introducing a transnational perspective in conformity with national priorities of the Member Countries.

Roster of Occupational Safety and Health Experts

Expert Database for Occupational Safety and Health Network (OIC-OSHNET) aims to facilitate communication between Occupational Safety and Health experts in the OIC member countries, something we hope would contribute significantly to useful exchange of information and experiences within the Islamic World and promote technical co-operation activities among member countries.

The records identify each listed expert by his/her name, designation, institution of work, position, industry and/or field of expertise, projects involved, e-mail address and telephone/fax number, if available. The query would be done according to country.

To be Included in the Expert Database

Should you wish to be included in the database, complete and submit the [registration form](#) (in English only).

Field Visit in Cameroon
28 November - 03 December 2012
Yaoundé, Cameroon

Composition of Delegation

- İŞKUR
- TOBB
- TOBB-ETU
- IDB
- SESRIC

OBJECTIVE

The main objective is to complete the feasibility of the transfer of ILO to context of the Republic of Cameroon.

Specifically, the Project aims to:

- Study Labour Market Dynamics of Cameroon.
- Make study visits to the offices of the Labour Market in Trade Unions, Federation of Artisans and Craftsmen, HRD Agency, Vocational Schools, Employment Agreements etc.
- Make presentation of ILO/ETU project to various stakeholders and prepare action of stakeholders.

Prof. Dr. Recep YAVUZAN Presenting the ILO Project in Yaoundé.

Delegation visited the Turkish Embassy in Yaoundé. Excellency M. DMSA FARUK DOGAN welcomed the delegation.

Delegation visited the Bureau of ILO based in Yaoundé. Madame MAYENGA DAYINA, Resident Representing of ILO in Central Africa and his staff welcomed. More than five subjects have been targeted: transparency of labor market; capacity building of those in charge of elaboration of employment policy and the situation of the Youth and gender unemployment.

Two Phases Determined During the Field Visit

Phase I

- Desk Review & Preparation of Surveys
- Training on "Labour Market Analysis"
- Labour Market Analysis
- Needs Assessment

Phase II

Following the completion of the steps in Phase I, all the stakeholders in this Project (IDB, SESRIC, Maf and SIVATU) will come together to outline the roadmap for the second phase in transferring the "ILO ILO" and building the capacity building of the vocational education system in Cameroon.
